Take music therapy home with you! We'll help you select 8 music therapist-designed songs from our *Tuned in to Learning* program to support your child's specific goals. You'll receive a full color *Learn-Along book*, an 8-song CD and a 30-minute demonstration or phone consultation to help you get things started. Downloadable versions and slide-show video formats are also available.

Contact Talia Morales, MT-BC to receive our most recent song database. New songs are added regularly. This program is also available in collaboration with Crimson Center Speech Therapy and COTS Occupational Therapy at our Mira Mesa location.
