EARLY INTERVENTION
GROWING THROUGH MUSIC

COMMUNICATION
PLAY SKILLS
ENGAGEMENT
LEARNING READINESS

Research supports the benefits of music to access areas of the brain differently than typical instruction. We capitalize on your child’s interest and motivation for music to make therapy enjoyable while capitalizing on the unique impact music has on development. Sessions are provided individually for 30 or 60 minutes at our Mira Mesa clinic.

Contact Katie Frankfurth, office manager to learn more and schedule a session for your child. One of our Board Certified Music Therapists will help your child bloom!
